Fill out your personal information to the left and make sure you write it CLEARLY. If you don't have an email address, no big deal. It just helps if we need to get ahold of you in case something is wrong with your order or out of stock. Wait a minute, it's 2004, evolve and get an email address already. After that fill out what you want to order below and make sure you specify sizes on shirts and sweatshirts. You'd be amazed how many people forget to do that. List any alternatives you might want in case we are out of stock on something. Add shipping (see insructions at the bottom of this page) to your item price, add tax if you live in CA, and there's your total. Send us cash, money order, or check (allow extra time for personal checks) payable to Indecision Records at the address above. That's it..well, put it in an envelope and mail it to us...then that's it.
